

The Billagong pool and spa opened with much excitement and was in constant use over the summer...

We were thrilled with what our guests had to say...a frequent visitor asked me what we were up to for this year as every year they come it just gets better and better! Check out a photo... <http://www.banksiaparkcottages.com.au/cottages.html>

The olive harvest this season is a bumper crop, and we are delighted by the quantity and taste of our oil. We've taken fruit off 25% of the trees which had ripened by the start of April, so our new season oil is already available. We'll continue to pick the remainder and are hoping the supplies will take us through till next year.

We've had a number of small conferences – the participants really enjoyed the bush experience. There's nothing like team building around a campfire!

As we write this newsletter, we are preparing for another wedding. Our guests find Banksia Park is ideal as a unique venue surrounded by natural bushland (spot Buster the donkey) and perfect for an intimate celebration.

VACANCIES

We still have 2 cottages available for the June long weekend (5th-8th), and similarly for the July school holidays.

BANKSIA ARK

For those of you wanting to know about our pets. We currently have 2 donkeys, 1 mule, 1 sheep (Bo), 1 (enormous) Millie the pig, Bailey our faithful Labrador, 2 cats and chooks and ducks galore!! All very much alive and well!

Thanks for your interest
As always!

Alison, Paul Jen & Katie
